The minutes from May's meeting were approved as read

Directors report

Library statistics were handed out and gone over. The May numbers show a slight decrease.

Programs- Summer reading kick off was Saturday. The zoo had a class on turtles and Spongebob was here. There were only 14 people. There were many other things happening in Pittsburgh the same day. We are working hard to get more children and more adults signed up for summer reading.

Computer classes will be starting next month. We discussed the need for phone instruction classes also.

Discussed advertising programs on an event flyer that could be distributed at various places such as Hosannah house, day care centers, arts in the park.

7 policies were handed out for board members to review and make notes on so that they could be discussed and/or voted on in September at the meeting. Most of the policies already existed. Some were revised a little and others were left alone. None of the policies had an adopted date. This is why I changed them. I think we need an official date of when they were adopted to replace older versions.

We had a guest at the meeting, Sean McPherson. He is interested in the library and the library board.

The meeting was adjourned at 6:55 pm
