

Library board meeting minutes March 15, 2022 6:30 pm

In attendance: Vince Neal, Jean Dexheimer, Greg Stocke, Colleen Denne

The meeting was called to order at 6:33 pm

Minutes from February's meeting were approved as read.

Colleen gave a staff update- Daja Mcguire officially transferred into the police department. Her full time job was posted internally. One of our part time people, Casey Jablonka has signed up for that position. The posting comes down March 22. We are posting the soon to be vacant part time position on indeed. (Casey is graduating and looking for full time employment)

Bathrooms update- The 2 staff bathrooms here have new floors, toilets and sinks. DPW still needs to install the toilet paper holders, paper towel dispensers, and soap dispensers. They are beginning work at Eastridge to replace the toilets and sinks also.

The need for more people on the board was discussed. The library by-laws call for 7 members. Trying to recruit parents who use the library and regular library users would be great. It was decided that Colleen should approach council and ask how to move forward with nominations.

It took some time due to finance being short staffed, but the library annual state report is almost completed and will be turned in on time.

Programming just began again. It is going slowly, but ok. Vince's program had quite a few participants and his second part is offered this Saturday.

The meeting was adjourned at 7:20 pm.
